What makes **MY Π**® so special?

1. Secret recipe of herbs & spices.

Our tomato sauce is flavored with a secret recipe of herbs and spices created by my father in the 1950s to give our pizza its unique flavor.

We use San Marzano tomatoes, which are grown in the lush valley area around Modesto, California. They are vine ripened, so they develop a full sugar taste. Most tomatoes are double or triple cooked when canned. **MY Π**'S tomatoes are single cooked so they keep their firmness and bright taste. Only a small amount of tomatoes are canned in this manner. We believe the tomatoes grown in this area are superior to the San Marzano's grown in Italy. The Italian version is higher in acidity and not as sweet.

2. Fresh homemade dough!

MY Π'S deep dish dough recipe was developed by my father, a fourth-generation baker, whose family came to the United States from Bialystock, Belarus in 1905.

MY Π'S recipe is made fresh everyday and timed so the third "proofing" of the dough is in the oven - the way all bread products should be developed.

That is why **MY Π** pizza has a wonderful, fresh yeast taste and crispness that remains tender to the bite.

3. Great Ingredients!

We use a combination of up to four different cheeses in our different types of pizzas. All are artisan made in central Wisconsin, where we believe the best quality mozzarella is made with milk from grain-fed dairy cows.

Our sausage is fresh primal cut meat flavored with herbs and spices to be compatible with our tomato sauce.

It is important to note that our thin crust, deep dish, and stuffed pizzas use different tomatoes, sausages, spices, cheese, and dough, so each pizza is made to have unique characteristics favorable to each type of pizza.

ABOUT MY Π®

MY Π is a family-owned business. My father's hobby is cooking and he studied cooking his whole life. In the early 1950s, he started developing his recipe for deep dish pizza. He continued to work on this recipe while at Northwestern's Business School. To pay his way through school, he opened a hot dog stand on the Northside. He also worked as the steward at his fraternity. No fraternity has ever eaten so well because he had carte blanche to work on all of his recipes, from pizza to filet mignon.

My dad based his pizza recipe on improving his favorite pizza. He studied and experimented with tomatoes that were not as acidic and he developed a "spice pak" that would enhance the flavor of the tomatoes on his pizza.

After college, he worked his way up the corporate ladder until he became a partner in a large financial brokerage company, all the while entertaining his family and friends and repeatedly hearing, "You should open your own pizzeria."

So, on August 24, 1971, my father opened the first **MY Π** on Sheridan Road across from Loyola University in Rogers Park. He started with the deep dish pizza recipe that he had been perfecting since the 1950s. His commitment to serving pizzas made out of the finest ingredients was an immediate success. Throughout the years, he opened more than twenty My Pie restaurants in 9 states. **MY Π** was the first Chicago deep dish pizza restaurant opened outside of Illinois and has been saluted as the best pizza in the towns where it was located.

When I was fourteen, my father opened a small carryout version of his restaurant our home. I started cooking there and continued to work at his restaurants for eight years. Then I moved onto restaurant management school and the Culinary Institute of America. I spent the next ten years working as a chef in fine dining restaurants around Chicago until I decided to recreate the restaurant I grew up in serving my father's pizza. I hope you enjoy eating our food as much as we enjoy preparing it for you!
